

Training Instructors Course for the SASO National Safety Inspectors

FRONT ROW L-R: S. Mbatha (SACAA), V. Kaurimuje (NCAA), T. Ndou (ATA Principal), D. B. Yahaya (ICAO Instructor), D. Silawe (Zambia CAA), K. Chokoe (SACAA).
BACK ROW L-R: E. Dupont (SADC SASO), R. Subramany (ATNS), B.A. Mupfukurirwa (SADC SASO), H. Jailosi (CAA Malawi), K. Dlamini (ESWACCA), T. Makello (CAA Botswana), R. Herinantenaina (CAA Madagascar).

1. Class Photo

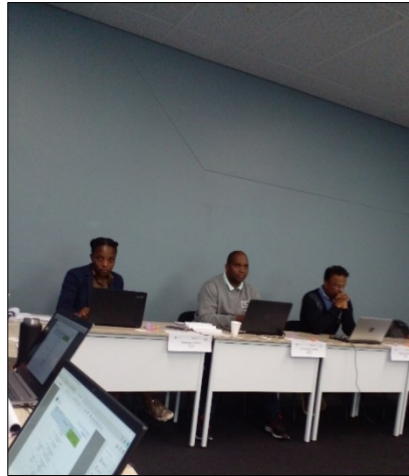

In the quest for capacity building in the SADC region, ten (10) SADC Aviation Safety Organisation (SASO) National Safety Inspectors (NSI), from the various aviation domains, attended an ICAO Training Instructors Course (TIC-2) at Air Traffic and Navigation Services (ATNS) Aviation Training Academy in Johannesburg South Africa. The course was held over a period of 5 days from 22 to 26 August 2022 funded by the European Aviation Safety Agency (EASA).

2. Participants at the ATNS entrance

The subject course was designed to capacitate and mentor the selected inspectors with skills to deliver competency-based training in aviation

fields. They will in turn provide training to inspectors from the various civil aviation authorities (CAAs) in the SADC region with formal regulatory training at a cost-effective rate.'

3. Participants in class

The in-person training at the ATNS Aviation Training Academy was the second part of the two components that the NSI inspectors completed. The first part, TIC-1, was a 30-hour online course which served as a prerequisite for TIC-2.

The key outputs from the training were the acquisition of the following competencies by the inspectors:

1. preparing a conducive training environment for effective learning;
2. managing trainees;
3. conducting the training using methods that vary and are adapted to trainee needs;
4. appropriately, objectively, and correctly evaluating the trainees;
5. evaluating the effectiveness of the training system;

6. showing a positive and proactive attitude for their own continuous performance improvement.

4. Certificates award ceremony

SADC member states are encouraged to utilize these newly trained SASO instructors to fulfil their training obligations while keeping the costs minimal.
